

Winter is over. Wake up, bear!

It's spring. The days are cool.

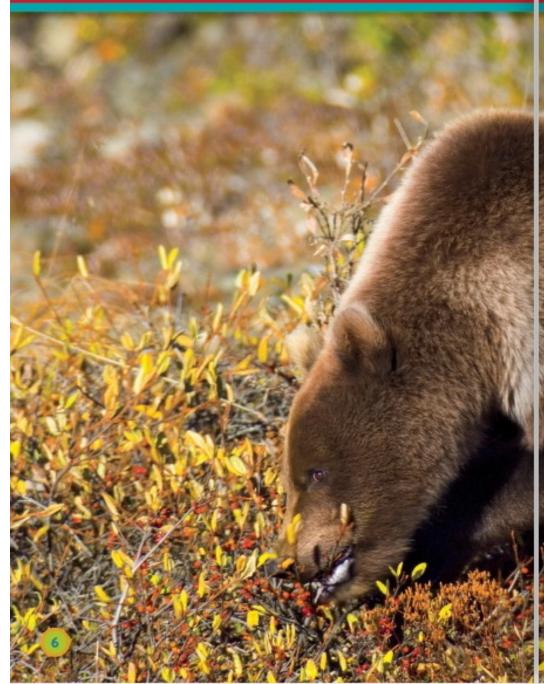

The bear is hungry.
It hasn't eaten all winter.

Let's eat!

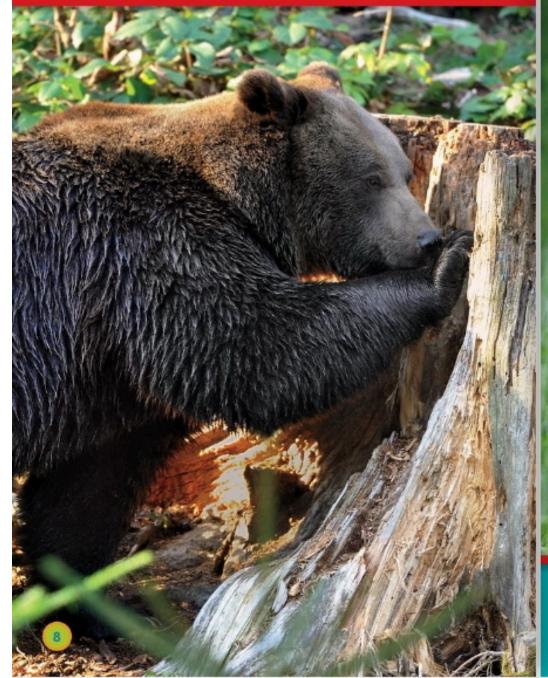

Berries are good.

So is grass.

The bear eats. And eats.

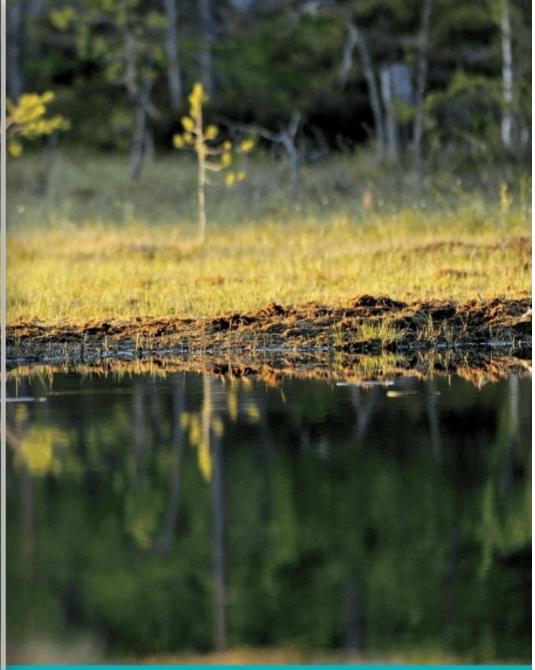

It eats all spring.

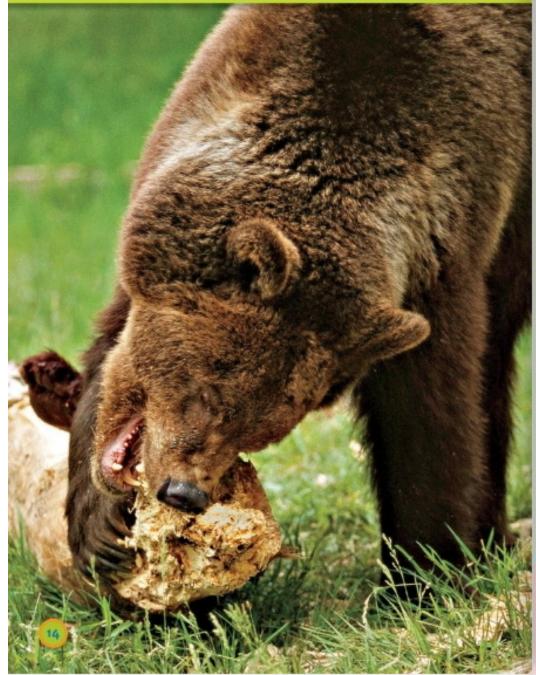

Now the days are getting warm.

The sun shines. It's summer.

In summer, the bear eats lots of bugs.

It eats lots of grass.

There is also something special

for the bear to eat.

Fish!

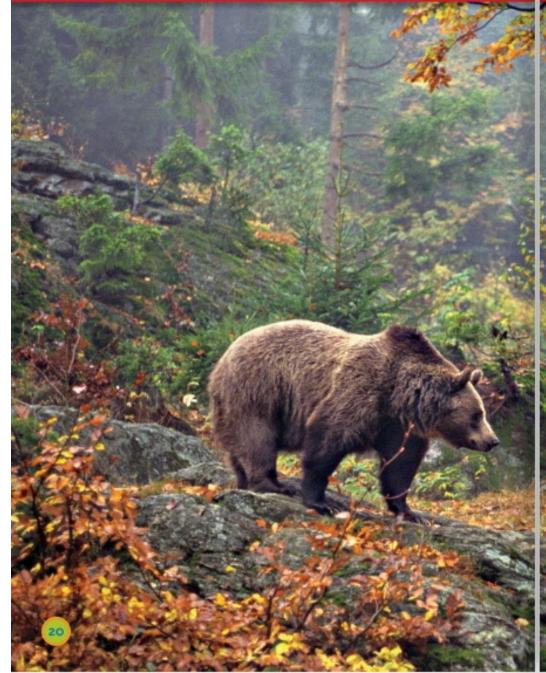

The bear eats lots of fish.

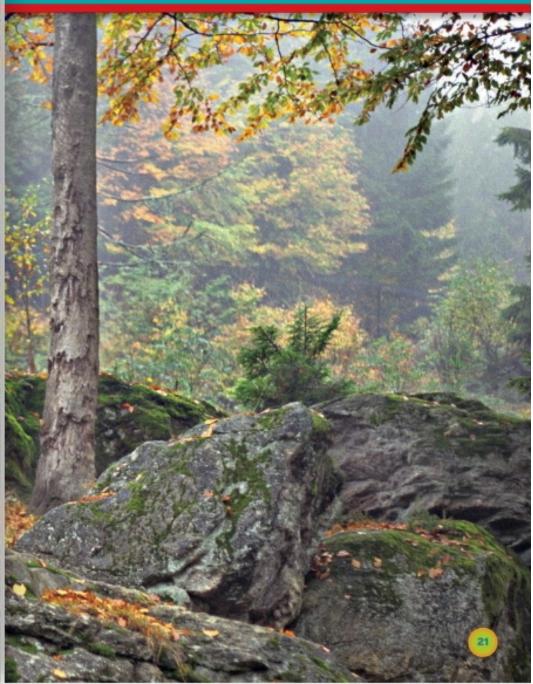

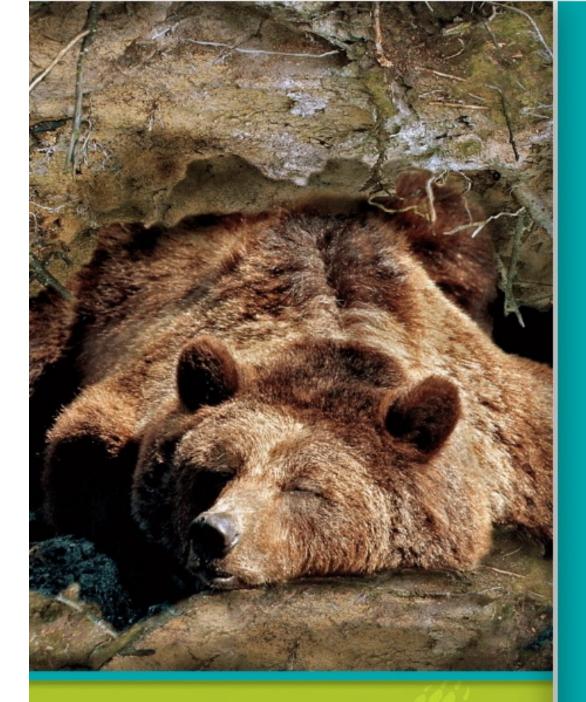

Now the days are getting cool.

It's fall. The bear finds a den.

Sleep, bear!

YOUR TURN!

Be a brown bear!
Act out what the bear does in each season.

WHAT DOES THE BEAR DO IN SPRING?

WHAT DOES THE BEAR DO IN SUMMER?

WHAT DOES THE BEAR DO IN FALL?

WHAT DOES THE BEAR DO IN WINTER?
