What do you know about sharks?

The Tale of a Shark

One day, a shark was swimming in the ocean. He was hungry, but he did not want to catch any fish. Some zebras were eating grass by the ocean. He was thinking about eating a zebra.

First, the shark said to the zebras, "I am going to eat you!" The zebras were eating grass when the shark spoke to them. They were not scared.

The Tale of a Shark

Next, the shark jumped out of the ocean and tried to catch the zebras.

Then, the zebras ran away. They were laughing while the shark was trying to run on the land.

But the shark could not run or jump on the land. Last, he jumped back into the ocean and never tried to eat a zebra for lunch ever again.
