zebra

elephant

lion

giraffe

I am a/an _____.

Math Review

Extend

circle

rectangle

square

What shape is it?

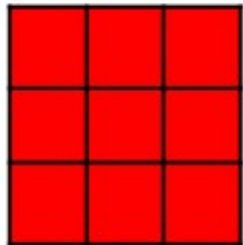

It is a _____.

Shapes

2D Shapes

rectangle

square

circle

3D Shapes

rectangular
prism

cube

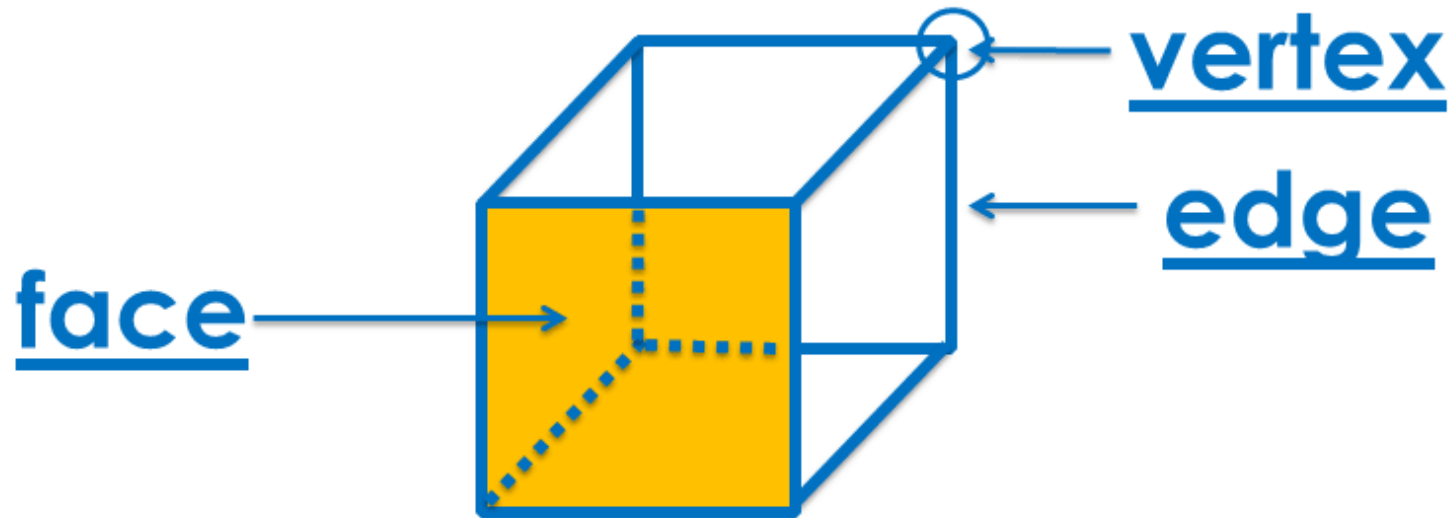

circular
cylinder

What shape is it?

Extend

It is a _____.

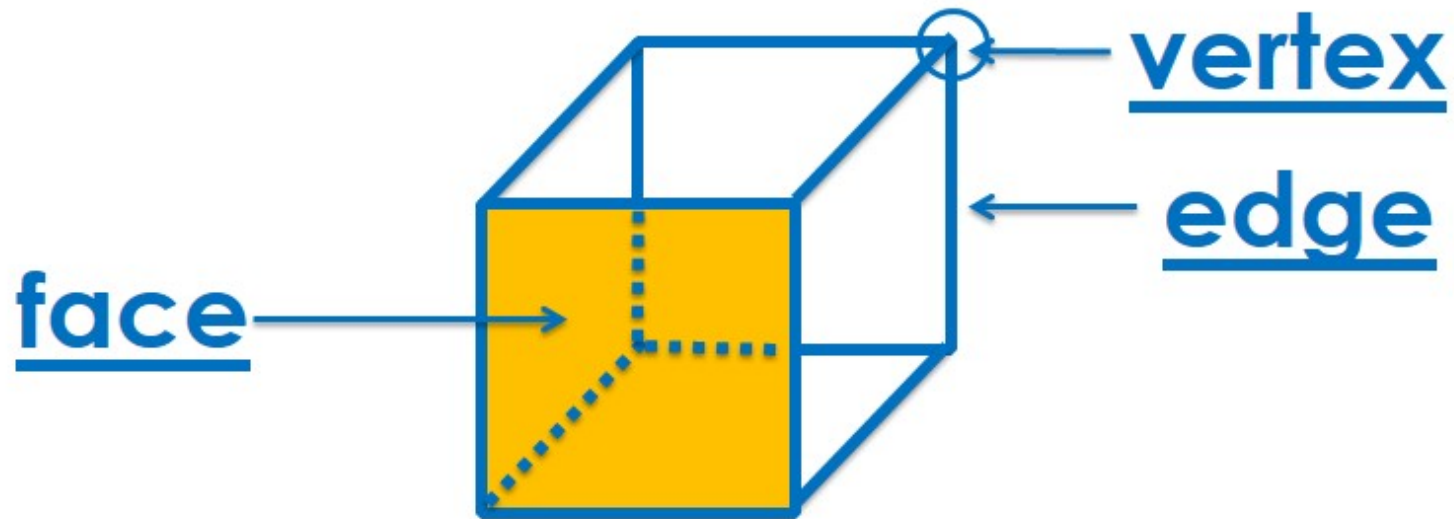

face – a front, upper, or outer surface

vertex – where two or more edges meet

edge – where two faces meet

Let's Count

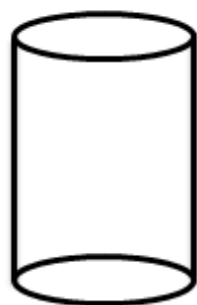

How many vertices, edges, and faces does a cube have?

A cube has _____.

Let's Count

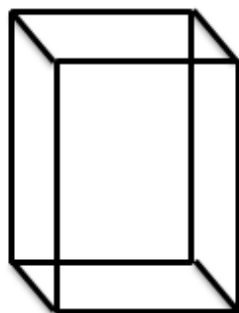

Extend

a circular cylinder

How many faces
does a _____ have?

A _____ has _____.

a rectangular prism

How many vertices,
edges, and faces
does a _____ have?

A _____ has _____.

Phonics

mo r ph

ph oto

ph ase

What did we learn today?

1. Which animal is the tallest animal in the world?

a zebra

a giraffe

an elephant

2. Which animal is the biggest land animal on Earth?

a lion

a giraffe

an elephant

3. What shape is a book?

a cube

a rectangular prism

a circular cylinder

4. What shape is a can of soda?

a cube

a rectangular prism

a circular cylinder

Fill in the Blanks

1. The lion _____ eating a zebra.
2. The _____ was _____ leaves from a tall tree.
3. The _____ was drinking water from the _____. It _____ playing in the water, too.
4. A _____ was _____ under a tree.

elephant
sleeping
lake
was
giraffe
zebra
eating
was

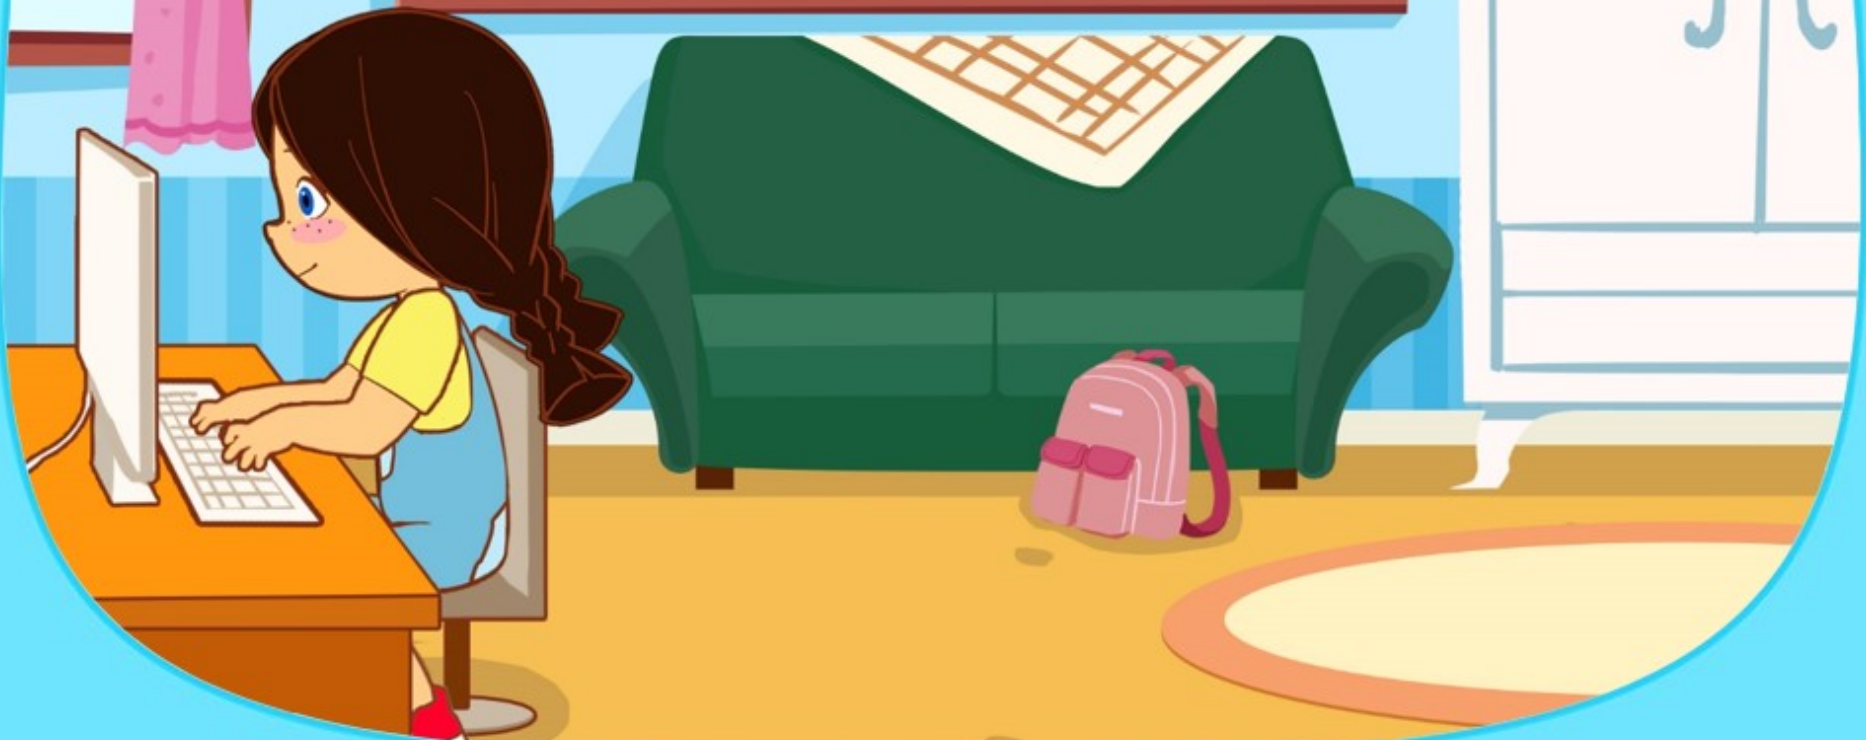

Let's Talk

Where was the _____ living?

The _____ was living on the _____.

Enrichment time!
See you later!

Goodbye
