Q 8

Visiting the Big Apple

New York City is a big city in the USA. You can find a lot of things there. You can go to see the Empire State Building. This historic skyscraper is open every day of the week. After that, you can visit the Statue of Liberty. The statue stands on Liberty Island. It is 93 meters tall.

Questions

1. What is the name of the famous skyscraper in New York City?
2. When can we visit the Empire State Building?
3. Where can we find the Statue of Liberty?
4. How tall is the statue?

Well done! We've finished Part 2.

Travel around America

Q 15

The whole family enjoys the road trip across America.

America has many unique and famous landmarks.

There are many isolated towns near the interstate.

L.A. has lots of museums.

Tourists can find the oddest attractions in America.

FINISH

Well done! We've finished Part 4.

Attractions

What are these symbols?

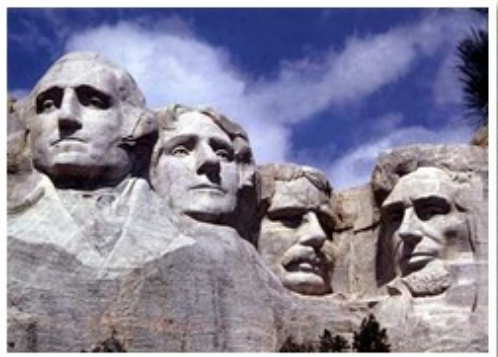

What can we do while traveling?

What will you see on your trip?

Q 20

Well done! We've finished Part 5.

Grammar Corner

Math symbols are in the math equations.

The West Coast is a nice place to sightsee.

This museum in L.A. is very famous.

The family makes a campfire at the
campsite.

Grammar

Circle the correct verbs.

1. The planes (depart, departs) at 8 o'clock.
2. Everyone (enjoy, enjoys) the roadside attractions.
3. Somebody (board, boards) the plane.
4. She (travel, travels) from Beijing to New York by plane.
5. Marshmallows (is, are) my favorite food.

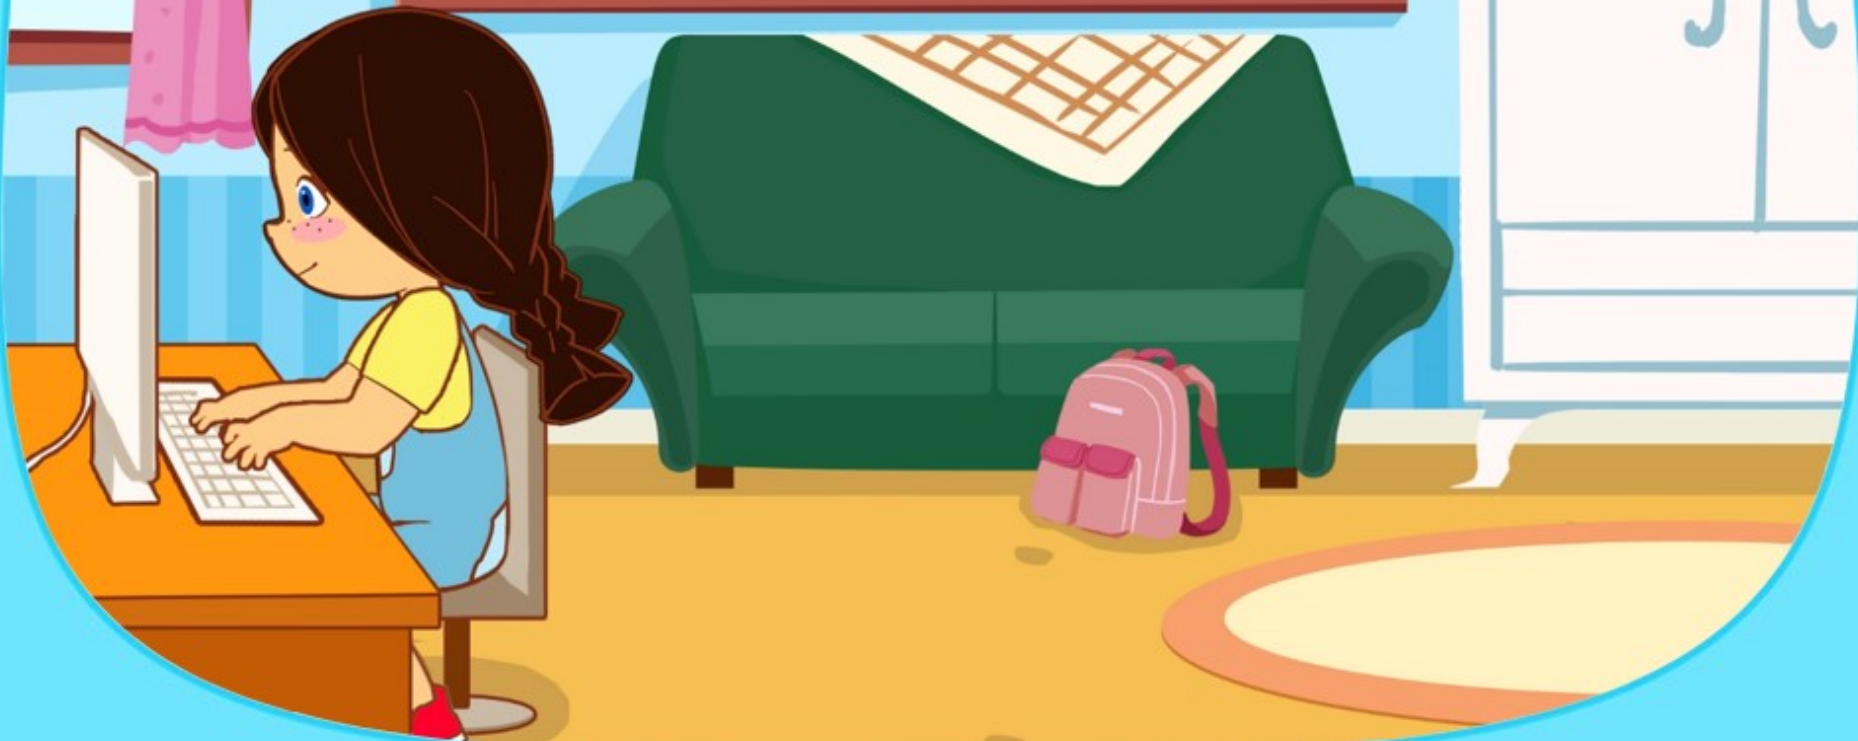

Correct the Mistakes

1. New York City are a big city in the USA.
2. We finds a lot of attractions.
3. Nobody visit that weird museum.
4. Lots of travelers likes the oddest museum in the world.

Great job!

Enrichment time!
See you later!

Goodbye
